This release of NSX Cloud contains bug-fixes and enhancements.

## Enhancements

- **Chat support:** Engage with VMware Technical Support via instant chat and get answers to your questions in real-time.
- **Easy access to the Tech Support Bundle:** Invoke the tech support bundle from CSM.
- **Org Switching:** Seamlessly switch between organizations you are a part of without having to log back in.
- **New CloudFormation template for compute VPC creation:** Use the CloudFormation template from the NSX Cloud Dashboard to create a compute VPC with all the required components and settings for NSX Cloud.

See: [NSX Cloud Release Notes](#) for a list of known and resolved issues.
